

NITOBE COLLEGE FOR GRADUATE STUDENTS PRESENTS  
FIRST CLASS OF FOUNDATION II

# PROFESSIONAL ETHICS ARTIFICIAL INTELLIGENCE IN PROFESSIONAL PRACTICE

This lecture aims to provide a basic understanding of the advantages & challenges of integrating AI technologies across domains including research, education, and work. Exploring the numerous advantages that AI brings, including increased efficiency, accelerated innovation, and personalized learning experiences, the lecturer will address the ethical concerns, potential job displacement, and the imperative need for responsible AI implementation.
