

# TURN PLANS INTO ACTION

Saturday, May 23, 2026

13:00 - 18:00

## How to Manage a Project: Practical Skills for Success

### Want to Master Global Standards?

Study the Project Management Body of Knowledge (PMBOK) and learn how to apply these global standards directly to your educational and research activities.

### Ready to Streamline Your Workflow?

Learn to plan logistics adequately, formulate accurate timeframes, and better facilitate interactions in team projects; skills that are effective for projects of any size.
